Role Name: Non-Executive Directors

Organisation : UK Government Department

Work Location: London

Yearly Time Commitment : 30 Days

Skills: Business, Commercial, Technology / Digital, Major Projects.

Jobs Description :

As a Non-Executive Director for this UK Government Department, you will play a crucial role in providing strategic leadership to deliver major initiatives. Your responsibilities will include advising the Chief Executive and senior management on strategic direction, organizational improvement, high-performance management, and effective corporate governance.

Organisation Description:

It is an executive agency of the Department of UK Government.

Key Responsibilities :

- **Strategic Advisory:** Provide expert advice on digital and technology strategies to enhance the national digital infrastructure.
- **Business and Commercial Acumen:** Utilize strong business and commercial skills to contribute to the development of initiatives that align with organizational objectives.

- **Technology and Digital Expertise:** Stay abreast of emerging technologies and digital trends, advising on their potential applications and implications for the organization.
- **Major Projects Oversight:** Play a key role in overseeing major projects, ensuring they are delivered efficiently, within scope, and meet the highest standards.
- **Collaboration:** Foster effective collaboration with internal teams, external partners, and stakeholders to achieve shared goals.
- **Policy Development:** Contribute to the formulation of policies related to digital and technology advancements, ensuring alignment with national objectives.
- **Risk Management:** Identify and mitigate risks associated with digital initiatives, providing proactive solutions to potential challenges.

Qualification & Experience :

- A background in digital and technology, with a proven track record in major project management.
- Strong business and commercial acumen, with the ability to contribute to strategic decision-making.
- Excellent communication and interpersonal skills, with the ability to collaborate effectively across diverse teams.
- In-depth knowledge of the digital landscape, emerging technologies, and industry trends.
- Experience in policy development and implementation within the digital and technology sectors.

Essential Criteria:

- Strong track record in delivering complex, technology-led programs.
- In-depth knowledge and understanding of the telecoms industry and government market interventions.
- Excellent communication skills with the ability to offer constructive challenges and act as an external ambassador for the Department.
- Ability to provide organizational challenges and influence cultural changes.

Desirable Criteria:

- Experience managing public infrastructure investment projects.
- Adaptability to changing political and industry/market factors.
- Knowledge of accounting protocols, treasury operations, and risk/control frameworks.

Regulation of Appointment:

This post is regulated by the Commissioner for Public Appointments.

Remuneration and Term:

The successful candidates will receive an annual remuneration of **£15,000** and will serve a **term** of 3 years. The **time commitment** for this role is **30 days per annum**. If you are passionate about driving digital innovation and have the skills and experience to contribute to our dynamic team, we encourage you to apply.

Application Deadline: 11 pm on 16 February 2024
